- **Programming Languages:** Visual Basic, .NET, C#, HTML, PHP, Python, JavaScript, MySQL, DynamoDB.

PROFESSIONAL EXPERIENCE

Owner/CEO

JAN 2008 – PRESENT

Frazier Industries, LLC – Bakersfield, CA

Designed and built a diversified \$100,000/year business providing IT services to local businesses. Duties include oversight of all critical functions of the organization. Cultivated beneficial rapport with customers by responding to inquiries and concerns.

- Supported local businesses with IT (computers including Windows Vista, Windows 7, Windows 8, Windows 10, networking, VoIP, databases, websites, etc).
- Spearheaded the entire production to build a comprehensive data and communications infrastructure within a new corporate construction, including work with contractors, installation of combined phone and data cables, installation of Wi-Fi, 24/7 surveillance and hardware for all offices, firewall installation and a complete sync of all data and communications across multiple facilities
- Boosting the bottom-line by strategically managing and developing opportunities for the organization through building of profitable client relations.
- Created a robust client relationship management platform inculcating tools such as demographic information, note taking functions, account management designation, and reporting; later integrating the phone system to every call for ease of recording and reporting.
- Maintaining a highly motivated workforce by hiring qualified staff; supervising them and conducting regular performance evaluation of all administrative personnel and IT support technicians.

Developer

DEC 2017 – MAY 2019

California Resources Corporation – Bakersfield, CA

Developed front end systems in HTML/ASP.NET/C#/Java Script for web based application. Created unique user experiences that drove interaction, using JavaScript. Managed IIS web server.

- Executed and contributed to full-stack web development projects, with an emphasis on front end features, browser manipulation, and cross-browser compatibility.
- Developed front-end code in a timely and high quality manner while ensuring a consistent look and feel.
- Designed and developed front end web interfaces for SQL databases
- Developed scripts to analyze data in SQL tables to generate specific reports for management
- Implemented source code repository system, Git
- Coordinated with the test team to ensure that changes were correctly implemented and completed tickets updated.

Student Affairs Division, Student Technology Consultant

SEP 2007 – DEC 2008

California State University, Bakersfield – Bakersfield, CA

Designed a new, highly functional computer lab for the residence halls including a custom login mechanism for 24/7 access. Utilized Faronics Deep Freeze, C-Sharp and MySQL for the whole process.

- Ensured safety of residents by researching, planning and implementing an Emergency Response System using HTML / CSS, C#, MySQL, Kerio Mail Servers and Microsoft Windows Server 2003.

PROFESSIONAL EXPERIENCE (CONTINUED)

- Designed a package notification system for the residence halls alerting students via text message or email regarding receipt of packages.
- Converted several calendaring systems to create one central dynamic calendar for university stakeholders including an option to subscribe to organizations and events by text or email.
- Worked directly with client to develop a Student Conduct website using HTML and CSS.
- Maintained Windows Server 2003 to conveniently host several services at once.

Career Development Center, Student Technology Consultant

JUN 2007 – DEC 2008

California State University, Bakersfield – Bakersfield, CA

- Customized and implemented a new comprehensive career management system, RunnerLink, used by 2000+ students and 800+ employers.
- Created the department logo and contributed to an aggressive outreach campaign by maintaining the department website using HTML and CSS.

Information Technology Services Department, Student Technology Assistant

FEB 2007 – SEP 2007

California State University, Bakersfield – Bakersfield, CA

- Prepared various computer systems to be distributed to faculty and staff. Prepared computers with Windows XP and Mac OS X.
- Implemented new technologies such as Universal Imaging that helped users accomplish goals faster and more efficiently.

Assistant Network Administrator

AUG 2002 – SEP 2006

Maricopa Unified School District – Maricopa, CA

Maintained Windows 2000 and 2003 servers including web, file, game, DHCP and backup servers using software applications including: remote management software, backup software and custom developed applications to isolate changes made to the system.

- Combined outstanding analytical and technical skills to assist with the detection and repair of network issues and performed troubleshooting on workstations and servers.
- Improved system security conditions by introducing imaging and desktop security software throughout the campus including the identification and elimination of flaws in the software.

PRIOR EXPERIENCE

Student Assistant

AUG 2005 – JUL 2006

Taft College – Taft, CA

EDUCATION

Computer Science Coursework

SEP 2006 – DEC 2008

California State University, Bakersfield – Bakersfield, CA

July 2019

To Whom It May Concern:

Subject: Reference Letter – Chester Frazier

I am pleased to write this letter of reference on behalf of Chester Frazier. His responsibilities included designing and coding various web applications for user input and display. Chester worked as a contractor for our team here at CRC for almost two years. In that time, we worked on several projects together. In that time, Chester, has shown to be a dependable and hard working with solid technical background and problem-solving skills. I was always impressed at the speed in which he had working web application to show us, and he was happy to alter his app at the request of the end user. Chester also able to adapt to our technologies very quickly and able to reproduce his code in our environment.

Chester is a talented, hard-working employee and I am happy to recommend him on any coding or web development application that you are needing.

Regards,

Wil Wilson
Automation Specialist Sr.

Recommendation Letter

KATC Vision: Respectfully promoting independence and enhancing lives through technology and partnership.

Kern Assistive Technology Center uses Definition Systems exclusively for IT Support, Web Site Consultation and Custom Software Development. Our relationship couldn't be better! Chester Frazier's greatest attribute is his ability to work with all different kinds of people and provide them what they need to do their job. In the time we've worked with him we've upgraded our internet connectivity, improved office productivity, down time due to computer system issues has been reduced, and attitudes of my staff has improved due to reliable service we get from Chester.

Definition Systems consistently exceeds expectations. He delivers what he promises, takes initiative to make improvements to systems, and makes suggestions on how to improve systems and procedures to improve productivity on his own initiative. His knowledge of different systems is excellent.

He provides professional services at a reasonable rate. His knowledge of software programming is excellent. His flexible style allows him to adjust to the needs of his customer quickly and update software so the needs of the business are met.

It is without hesitation that I recommend Definition Systems to any small business

Sincerely,

A handwritten signature in blue ink, appearing to read 'Aaron Markovits', with a long, sweeping horizontal line extending to the right.

To Whom It May Concern:

I write this letter of reference and support for Chester Frazier, who has worked for me since September 2007 as a Technology Consultant.

Chester has demonstrated himself to competently achieve the tasks I have set before him with tireless energy, enthusiasm and efficiency. I have appreciated his optimism, creativity and "can do" spirit to drive the technology initiatives produced through my office. Chester exhibits a firm understanding of technological systems and applications. Through his initiatives, my office has achieved a higher degree of customer services, improved methods of information dissemination, and attained greater credibility with various constituents.

Chester is very devoted and committed to his work and is energized by challenges. Although I am his supervisor, in many ways, Chester has become my role model. I am greatly appreciative of Chester's abilities *and* his character.

I recommend him with my highest endorsement. Please do not hesitate to contact me should you have any questions, or wish to discuss my experience with Chester's performance.

Best regards,

Emmanuel (Manny) Mourtzanos, Ed.D
